

WILSON CALLS TO PIONEERS' BLOOD

Nevada Applauds Appeal For League—Urges Sons To Go Forward As Fathers Did

Aboard President Wilson's Special Train through the regions made famous by the pioneers of Western America President Wilson passed on the beginning of his homeward journey from the Pacific Coast.

And to the descendants of these pioneers he pointed out in his addresses that in the same way as the forward moving men and women of '49 has blazed the trail which opened up our land so the forward-looking men and women of 1919 must blaze the way which shall lead all the world to peace and justice, just as those brave souls of '49 had gone ahead, never fearing what was in the next canyon ahead of them. We must go ahead now, the President pointed out, confident that in our leadership of the world through the League of Nations, we will find the right way that will bring them all to the promised land.

From Los Angeles to Sacramento and then through the territory which Bret Harte immortalized in his short stories, the presidential train moved until it reached Reno, the first scheduled stop on the eastward route. Packer Flats, Dutch Flats and the other old mining camps which Harte so breezily told of, all were seen by Mr. Wilson on his journey and he related to his companions what he remembered of the stories concerning them.

Thousands Cheer Wilson. The President delivered a brief talk at Sacramento from the train platform, but at Reno he was met and cheered by many thousands, and the inhabitants proudly asserted that the town held more people than it had ever known since the Jeffries-Johnson prize fight of ancient history, and here he gave his formal talk of the day.

He said he was exhilarated to find himself in one of the first remaining frontier communities of the nation, because the people were still forward looking. The critics of the League of Nations have their eyes over their shoulders. They are looking backward and therefore they are stumbling. They are always striking their feet against obstacles which others see and which do not lie in the path of progress of civilization.

The President contrasted the present peace conference with the last great so-called peace conference that which was held in Vienna in 1815. The unbecoming conference, he said, was one where a small coterie of autocrats were able to determine the fortunes of their people without consulting them, whereas the conference of 1919 was devoted to establishing the rights of all peoples to their own type of government.

Autocracy Overthrown.

In America they had thrown off allegiance to that crown and had defied the British Government on the ground that nobody at a distance had a right to govern them and that nobody had a right to govern them whom they did not choose to be their government. That was the beginning of the conditions which have culminated in today's situation. The President pointed out that in every autocratically governed nation in the world up until 1914 there had been revolutions. That is, in every autocratic nation save Germany, and one of Germany's prime ideas in starting the war was to re-establish the idea of absolute autocracy, but the rest of the world would not stand for that, he asserted, and therefore America came in to rid the world forever of the autocratic idea. And having pledged herself so to do, he said, she would see the job through.

I consider this to be the greatest charter and it is the greatest charter of human liberty ever adopted. It was not written essentially at Paris. It was written at Chateau Thierry and in Belleau Wood and in the Argonne.

Our men did not fight over there with the purpose of coming back and letting the same thing happen again. They did not come back with any fear in their hearts that their public men would go back on them and not see the thing through they went over expecting that the business should be finished and it shall be finished.

Do you realize that the rest of the world deems America indispensable to the guarantee of future peace and of a restoration of normal life upon which future peace depends? The world does. That they know our power, they know our wealth, they know our indomitable spirit, and when we put our name to the bond then Europe will begin to be quiet, men will seek the peaceful solution of normal industry and normal life. Men will take hope again and cease to think of the revolutionary things they can do and begin to think of the constructive things they can do and this will be the case in America as well as in Europe. The President explained away the oft repeated objections to the League, the Shantung matter, Article X, and the question of whether Great Britain has more votes than we have, which he declared untrue.

He said what was needed was to clear the deck of these criticisms which had nothing to them and look forward to a fulfillment of the destiny of America. The whole world, he said, had finally come to the vision of the little body of three millions of Americans strung along the Atlantic Coast in 1776, but the fire they started has consumed every autocratic government in the world.

VIRGIL GAINES BUYS THE SIMMONS FARM

Madison county farms and real estate of all kinds is in constant demand, and sales are numerous. A prominent real estate agent expert predicted the other day that within five years the best blue grass land would be selling regularly at \$500 an acre.

Virgil Gaines has bought the Simmons farm from Lee Congleton at a price said to be \$175 an acre. This is a splendid place, located about five miles from Richmond on the Lancaster pike. It contains 180 acres of blue grass land.

John Tribble has resold the farm he bought from G. C. Clark at his sale last week, at \$500 profit to Will Hayden. The farm is located in the White Hall section and is a good one.

James Owen is reported to have sold a house and lot at Red House to Silas Azbill for \$1,000.

ENGLAND MAY HAVE A RAILROAD STRIKE

(By Associated Press)
London, Sept. 24—A railroad strike in Great Britain over the question of wages appears possible. The men today sent to the government an ultimatum, rejecting the standardization offer and intimating that unless a favorable reply is received by Thursday noon, the men will be ordered to cease work. This was soon followed by a reply by Minister Geddes asserting the men's demands are unjustifiable and would involve additional permanent railroad expenditures of forty-five million pounds annually.

A full meeting of the cabinet is called for this afternoon to consider the situation created by the ultimatum.

SHALL WE FORGET THOSE WHO DIED IN OUR PLACE?

Lieut. Thomas McCown, county chairman for the Kentucky Memorial drive, urges the teams to cover their territories as promptly as possible. Returned soldiers have offered their services to Chairman McCown, realize more than others, that the people should "give increased devotion to the cause for which they gave their last full measure of devotion."

Are the people forgetting the war: it is as great a crime to forget the war as to have taken no part in winning the war. In paying our own war debts have we not overlooked our most sacred debt—to those who rest on fame's eternal camping ground? "In Flanders fields" the poppies blow,

Between the crosses row on row,
That mark our place."
But is there a memorial in their home state to the Madison lads who travelled over three thousand miles to keep a rendezvous with death? Old Glory is bathed in the blood of 2,756 Kentuckians, the pride and pick of Madison willingly met their pilot face to face and through their death our flag wears a new luster.

The proposed memorial is a fitting tribute to the honored dead and citizens of Madison must not fail to complete the sum allotted and thereby give their fallen heroes a lasting and unmistakable evidence that the dedication of their lives was appreciated. "And when from blackest loss Shall be born most radiant gain: When over the gory fields shall Rise a star that shall never wane; Then and then only, our dead shall know That they have not fall'n in vain."

LITTLE CHANGE IN STEEL STRIKE TODAY

(By Associated Press)
Reports from all steel centers today recorded little change in the alignment of the opposing forces of the labor union and steel companies. In the Mahoning Valley of Ohio, the strikers' success is complete. The industry, which is the backbone of the Youngstown region, is paralyzed with 44,000 workers idle. Elsewhere the struggle is carried on, with varying success, the issue still being doubtful in the great strategic sectors, radiating from Pittsburgh and Chicago.

In the Pittsburgh district, the Carnegie Steel Company announced that a considerable number of men are returning to work, which the union leaders not only deny but assert the strike is spreading.

Around Chicago a majority of the mills are closed. Some are operating with reduced forces. Riots and disorders still mark the progress of the struggle, but so far only sporadically. The latest outbreak was at Cleveland, where four men were stabbed in a battle between strikers and non-strikers. At Farrell, where the gravest disturbances today have been reported, the streets are patrolled by large forces of state troops and deputy sheriffs.

STANLEY IN NEWS ON R. R. STRIKE BILL

(By Associated Press)
Washington, Sept. 24—Sections of the Cummins railroad reorganization bill, which would forbid strikes by railroad employees, continued to draw fire from organized labor before the Senate Interstate Commerce committee today. Officials of the railroad brotherhoods attacked the proposals as a return to slavery in industry. "It makes serfs out of men," said B. H. McNamara. "It is the most bold attempt at bondage since the Civil War," declared W. N. Doak, who also discussed wages, saying a bonus and profit-sharing "under private management" is always unsatisfactory. Senator Stanley of Kentucky, asked Doak if he is not against profit-sharing "because it tends to make the individual worker lose interest in union organization?" Doak replied "only partly so, but we have found them unfair."

DR. SAMPEY DELIVERS ANOTHER RARE GEM
Dr. J. R. Sampey was heard by another large congregation at the Baptist church last night. He spoke on Political and Economic Conditions of the World Today and as usual discussed his subjects in a way that amazed all by his wonderful, wide grasp of conditions and ability to interpret the many usual and alarming conditions that many see in present times. Dr. Sampey's lectures continue on this week at the Baptist church each evening. He is speaking at various country churches in the mornings. An all-day meeting was held at the Republican Baptist church today. Those who are missing hearing him are overlooking a real treat.

Ford and Son Get It All
Detroit, Mich., Sept. 24—Control of all stock in the Ford Motor Company has been secured by Henry Ford and his son, Edsel, through the purchase of the minority holdings of James Couzens, millionaire mayor of Detroit, and former vice president of the company. It is understood Mr. Couzens held more than 2,000 shares of stock in the company. The price paid for his holdings was not disclosed. Interests of other minority stock holders were purchased by Henry and Edsel Ford early in July, last, for a sum said to be close to \$100,000,000.

MISSING MAYSVILLE GIRL FOUND

Baltimore, Md., Sept. 24—Mrs. Louise Fox Bushfield, of Maysville, Ky., who disappeared from the home of her uncle here ten days ago, has been found by Raymond E. Kenney, of the National Intelligence Service, at the home of a friend in the suburbs of Canton, Ohio. When confronted by her husband and father the young woman wept bitterly, and the first words were about her mother. Mrs. Bushfield stated, amidst sobs that shook her frame, that she had been driven almost distracted because she had kept her marriage secret from her parents. If she told them of the marriage, however, she stated, she feared it would result in both she and her husband being unable to complete their studies at Columbia University, in New York. Knowing that her parents had their hearts set upon the completion of her university course, she continued to keep the marriage secret.

BURGLARS ROB STORE AT SILVER CREEK

Burglars entered the store of Bob Duerson at Silver Creek, some time Tuesday night, and got away with a lot of goods and a small amount of cash. There was little clew left, but officers believe that James Bennett, who escaped from the county jail at Richmond a week or so ago, perhaps had a hand in the affair.

Entrance to the store was effected through a window. Sheriff Pete Whitlock and Deputy Sheriff Sant Bush, who went to the scene, found the cash drawer near the tunnel on the L. & N. tracks. It had contained \$3 or \$4. Mr. Duerson also missed a new overcoat, some shoes and some children's stockings. The police of surrounding towns have been telephoned to be on the lookout for the thief and stolen goods.

WHITE FARM RENTED AT \$2,105 A YEAR

A splendid rental price was paid for the farm of Mrs. A. M. White which was rented at public outcry by Col. Jesse Cobb, the well known auctioneer. Wednesday morning, Mr. Jerry Parrish gave \$2,105 rent for the farm for a year. The place contains 185 acres and is located about a mile and a half from Richmond on the Barnes Mill pike. There were a number of farmers desirous of renting the place and bidding was active.

LOUISVILLE CONVICT ESCAPES

Louisville, Sept. 24—Thomas Hoal, a Louisville youth who shot and killed Cashier Fawcett and wounded President J. K. Woodward, of the Merchants' National Band, during an attempt to rob that institution in New Albany, opposite Louisville, on the Ohio river, escaped from the penitentiary at Michigan City, Indiana, where he was sentenced for life in 1909, according to word received here today.

SWORE OUT PEACE WARRANT

A peace warrant was sworn out in the Madison Quarterly Court by Mrs. Robert Griffith against John Hoskins, Charley Hoskins, Embury Hoskins and Lawrence Hoskins, ad their mother, Mrs. Tennessee Hoskins, charging them with threatening to do her, or other members of her family, bodily harm. All are prominent residents of the White Hall locality.

REDS BEHIND KOLCHAK?

(By Associated Press)
London, Sept. 24—A Bolshevik wireless today from Moscow says Red troops are reported to have occupied Tomsk, 500 miles east of Omsk, the All-Russian seat of government on the Trans-Siberian Railway. The report, if confirmed, seems to indicate an insurgent uprising behind General Kolchak's lines at the principal strategic and trading centers of the vast region.

STATE TROOPS IN CHARGE

(By Associated Press)
Drumright, Okla., Sept. 24—With state troops patrolling the streets and others standing guard in most down town buildings, the riot situation that arose out of the strike of 18 telephone operators has lessened in intensity. The troops arrived last night. Eleven alleged rioters are in jail.

FOR HEALTH AND COMFORT

When we adjourn to the indoor life let's have a clean, well-circulated and uniformly heated atmosphere to live in. A Moors Air Tight Heater solves the problem. It circulates and warms all the air in the room. W. F. Higgins will rush your order if placed early.

LAUREL CONVICT STANDS

Harry Hale, whose fear of bloodhounds led to the disclosure of his theft of nearly \$1,000 from Winfred Mallicoate in Laurel county, was sentenced to one year in the penitentiary. The court of appeals says he was not convicted on the evidence of an accomplice and that the verdict should stand.

Remember the Kaufman-Straus Opening given by Mrs. J. B. Stouffer all this week in Bennett's furniture store.

EDGAR DOTY SELLS THE LADY IN GREY

Edgar T. Doty has returned from his campaign over the fair circuit. As usual, he brought back a large percentage of blue ribbons. He had a splendid string of show horses this season. Numerically his stable was small, but almost everyone was a star and when it went into a ring it was usually in the money. Just before his stable disbanded, Mr. Doty sold the Lady in Grey to T. D. Anderson, of Jefferson City, Okla., who buys for W. L. Lewis, the millionaire horseman of Oklahoma. Mr. Lewis owns Maydan, which Mr. Doty handled and sold a couple of years ago, for a long price and it is understood that he will get the Lady in Grey. The price was not made public but Mr. Doty is understood to have received a big figure for the promising young mare. Mr. Doty also handled and developed the crack chestnut mare Flashlight that Harry Francis and Salem Wallace of Paint Lick, sold to Mr. Crozier owner of Liberty Girl, for \$3,500.

RETAIL MERCHANTS MEET HERE SEPT. 25

Retail merchants throughout this section are deeply interested in a meeting which is to be held at Richmond at the court house at 2 p. m., on September 25, for the purpose of perfecting the organizing in this territory of the Retailers' Association of Kentucky.

The urgent need for organization and co-operation on the part of the retailers of the state will be thoroughly pointed out and the problems at present confronting the merchants will be discussed by experts on the questions of the hour.

The meeting is one of eighteen being held in various parts of the state this week and judging from reports that have been received in advance the movement for the banding together of the state's retailers is meeting with great success and the local meeting is expected to be enthusiastic and energetic enough to show that this section is as fully awake as any other in Kentucky.

PLACES AT UNIVERSITY

Professor James Richard Johnson, first graduate of the College of Engineering, University of Kentucky, who received his degree in 1893, was appointed professor of Applied Mechanics by President Frank L. McVey Friday and has begun his duties in the college. Prof. Johnson lived in Richmond several years, and has many friends here.

Prof. Johnson as one of the earliest of the alumni is familiar with all the traditions of the University, and has been identified with the interests of Kentucky for more than a quarter of a century. He is known to hundreds of students and former faculty members as "Dick" Johnson, and is being welcomed back to Lexington by many alumni.

After his graduation in 1893 Prof. Johnson was 12 years an instructor in engineering and mathematical subjects there. After 1905 he was professor of mathematics and applied mechanics at the University of Nevada, and in recent years has been prominently identified with mining and road building interests in Kentucky.

IS FOSTER AN I. W. W.?

(By Associated Press)
Washington, Sept. 24—Chairman Keynon today announced that William S. Foster, secretary and treasurer of the steel strikers' organization committee, will be summoned before the Senate Labor committee in investigation of charges that Foster represents radical union leadership and has been active in I. W. W. propaganda. The charges were made in the house by Representative Cooper, republican of Ohio.

ASKS \$200 DAMAGES FROM BRIDGE OWNERS

For Unnecessary Delay of "Miss Ann" In Opening Toll Gate At Clay's Ferry Bridge

An interesting suit was filed in the office of Circuit Clerk James W. Wagers, this week, when Judge G. Murray Smith bought an action against the Clay's Ferry Bridge Company for the sum of \$200, for alleged unnecessary and wilful delay caused to him by "Miss Ann" in failing to promptly open the toll gate at the far end of the bridge over the Kentucky river on the Lexington ton pike. Judge Smith was en route to Lexington with his family, on important business, it is said, and his attorney says that he was delayed so long at the gate that he suffered damages, which he asks. He is represented by Attorneys H. C. Rice and John Noland. The Clay's Ferry Bridge Company is composed of several local people. The part of Judge Smith's petition in which he set forth the ground of his complaint, reads as follows:

"That on the 19th day of September 1919, this plaintiff, with his family and friends was traveling from Richmond, Ky., to Lexington, Ky., and return, over the Richmond and Lexington pike and crossing the defendant's bridge mentioned above. That upon his arrival at the gate of the defendant mentioned above, he demanded that said gate be opened to allow this plaintiff to pass through, and at the time of making said demand, he tendered to and paid the agent of the defendant, the fees and charges for the crossing of the bridge of the defendant as above set forth. That instead of complying with the request of the plaintiff, the agent of the defendant, in charge of said gate, deliberately, wilfully, maliciously and unnecessarily delayed the opening of said gate, hindering, delaying and annoying the plaintiff to his damage in the sum of \$200."

In view of the constant use of the bridge by travelers to and from Lexington, and experiences at the bridge toll gate, the outcome of the suit will be watched with interest.

J. R. JOHNSON GETS GOOD PLACE AT UNIVERSITY

Professor James Richard Johnson, first graduate of the College of Engineering, University of Kentucky, who received his degree in 1893, was appointed professor of Applied Mechanics by President Frank L. McVey Friday and has begun his duties in the college. Prof. Johnson lived in Richmond several years, and has many friends here.

Prof. Johnson as one of the earliest of the alumni is familiar with all the traditions of the University, and has been identified with the interests of Kentucky for more than a quarter of a century. He is known to hundreds of students and former faculty members as "Dick" Johnson, and is being welcomed back to Lexington by many alumni.

After his graduation in 1893 Prof. Johnson was 12 years an instructor in engineering and mathematical subjects there. After 1905 he was professor of mathematics and applied mechanics at the University of Nevada, and in recent years has been prominently identified with mining and road building interests in Kentucky.

Lexington bettors are said to be offering even money on the governor's race between Black and Morrow.

AN ORDINANCE

An ordinance providing for the construction, reconstruction and improvement of portions of Main street, First street, Second street, Third street, Lancaster ave., and Irvine street, according to plans and specifications adopted by the Board of Council of the City of Richmond, Kentucky.

Whereas, the Board of Council of the city of Richmond has heretofore by resolution adopted August 15th, 1919, declared it to be necessary to construct, reconstruct and improve certain hereinafter designated portions of Main street, First street, Second street, Third street, Lancaster avenue and Irvine street and has by said resolution given notice that it would enact an ordinance providing for the construction, reconstruction and improvement of said designated portions of said streets, including the construction of curbing and guttering on both sides, and providing and requiring that the cost of same be borne and paid, one-third (1-3) by the city of Richmond, and one third (1-3) each by the property owners on each side of said portions of said streets;

Be it now Ordained by the Board of Council of the city of Richmond, Kentucky, as follows:

1. That Main street from the west line of New street to Estill avenue; First street from the north line of Main street to the south line of Irvine street; Second street from the north line of Main street to the railroad track of the L & A. division of the Louisville & Nashville Railroad Company; Third street from the north line of Main street to the south edge of the L & N Railroad Company's L & A division switch crossing Third street at or about two tobacco warehouses; Lancaster avenue from the south line of Main street to the south edge of the intersection of the Barnes Mill pike, and Irvine street from the east line of Second street to the east line of First street, be constructed, reconstructed and improved, (hereinafter referred to as "Improvement") by paving same with reinforced concrete, sheet asphalt, bitulithic paving, Kentucky rock asphalt, or such other material as may be selected by the Board of Council after receiving and considering bids for the several different materials for said improvement, and by the construction of concrete curbing and guttering on both sides of said portions of said streets.

3. That except as hereinafter in accordance with the survey plans and specifications, prepared by S. F. Crecelius, City Engineer, which are attached hereto and are hereby approved, adopted, and made a part of this ordinance and recorded as a part of same upon the city minute book.

3. That except as hereinafter provided the improvement of said parts of said streets shall be made at the exclusive cost of the owners of real estate abutting on such improvement to be apportioned among and assessed upon the lots or parcels of real estate abutting feet on each of said streets, and a tax shall be levied upon such lots or parcels of real estate for the payment of the cost assessed thereon, which tax shall be due and payable at the City Treasurer's office upon the completion of the work and acceptance thereof by the Board of Council and after legal publication of the ordinance accepting the work and assessing the cost thereof except as hereinafter provided.

4. That one third (1-3) of the cost of said improvement including curbing and guttering assessed against the owners of real estate abutting thereon, and the entire cost of paving the intersections with other public ways, including one half (1/2) of the width of the streets being improved opposite other streets or alleys which run into, but do not cross the streets so being improved, and of that proportion of any street abutting upon property belonging to the city of Richmond shall be borne by the city and paid for out of the proceeds of the \$150,000.00 bond issue heretofore authorized by the voters of the city of Richmond for the construction, reconstruction and improvement of streets and sewers, the improvement hereby provided for being a part of the City's general program for the expenditure of said fund.

5. Said construction shall be done by contract, awarded by ordinance by the Board of Council, between the city and such contractor as shall make the lowest and best competitive bid for the doing of said work with that kind of the several street materials herein provided for as shall be finally selected by the Board of Council after it shall have opened and considered all bids submitted to it as hereinafter provided. L. P. Evans, Mayor, is hereby appointed a committee for the purpose and is authorized and directed to advertise once a week for not less than two consecutive weeks in the Richmond

Register, a newspaper published in the city of Richmond, and by such other means of advertising as in his judgment shall be productive of the largest number of bids for competitive sealed bids for doing said work in accordance with this ordinance and the survey plans and specifications above referred to. Bidders shall submit sealed bids addressed to L. P. Evans, Mayor of Richmond, at Richmond, Kentucky, marked "Street Improvement Bids" and said Mayor shall keep said bids and open them in the presence of the City Council in its Council chamber at such regular meeting of the Board of Council as it may by resolution hereafter designate whereupon the Council shall accept the lowest and best of said bids for said work to be done with the kind of materials then selected by it, reserving however, the right to reject any or all bids. Each bid shall be accompanied by a certified check on a solvent bank, payable to the treasurer of the city of Richmond in the sum of one thousand (\$1000.00) dollars, which sum shall be forfeited as acknowledged and agreed, liquidated damages to the city of Richmond in the event the bidder to whom the contract of said work is awarded fails to enter into a contract and furnish bond as hereinafter required. The checks deposited by unsuccessful bidders shall be returned to them when a contract for said work is awarded, and the check of the successful bidder will be returned to him, if and when he executes the contract and furnishes the bond required.

6. Within ten (10) days after he shall have been awarded the contract, the accepted bidder shall enter into a contract with the city of Richmond for the full and faithful performance of said work, including all labor and materials in accordance with this ordinance and the survey plans and specifications aforesaid, and shall also execute and deliver to the city of Richmond in a sum equal to the amount of the agreed contract price, a bond with a Surety Company, authorized to do business in Kentucky, acceptable to and approved by the Board of Council, as Surety, which bond shall guarantee the full and faithful performance of said contract within a reasonable time, and which shall indemnify the city of Richmond against any and all loss sustained by reason of said contractor's negligence or defective construction, and which shall further covenant to and with the city of Richmond that said contractor will forever indemnify and save said city free and harmless from any and all claims, demands, actions and rights of actions whatsoever, for any negligence or defective construction, and for all royalties, licenses or fees due or claimed to be due for the infringement of any patent right or privilege alleged or claimed to have been violated or infringed by reason of the construction of said work on any part thereof, either as to materials, tools, or appliances used in said construction, or as to the manner in which the said materials may be used or combined. The said contractor and the said bond shall further provide that the contractor shall begin work with ten (10) days after entering into the contract and shall continue at all times thereafter to prosecute said work diligently unto completion.

7. That when the work is completed in accordance with the contract and survey plans and specifications, the City Engineer shall make a full and correct estimate of the total cost thereof, showing the total number of abutting or fronting feet of property on each of said streets, the cost per abutting foot on each of said streets, the names of the abutting property owners on each of said streets, the number of abutting feet of property owned by each person and the proportionate part of the cost of the improvement to be assessed against the property of each abutting property owner on each of said streets, and the part payable by the city. One copy of this estimate shall be delivered by the City Engineer to the Chairman of the Street Committee of the Board of Council, and another to the Mayor, to be by him transmitted to the City Council. Upon receipt of such copy from the City Engineer, the Chairman of the Street Committee shall by notice by one insertion in the Daily Register, a newspaper published in the city of Richmond, Kentucky, give at least three days notice of the time and the place fixed by it for the inspection and reception of the work, which notice shall state the cost per abutting foot of property as shown by the Engineer's estimate on each of said streets. At the time and place fixed in said notice the said Street Committee shall inspect the work, and after said inspection shall transmit to the Council a written report, accepting or rejecting the work accordingly as it may be of opinion that the work had or had not been done and the cost thereof estimated in accordance with the ordinances and the con-

tract therefor.

8. That upon the acceptance of the work and confirmation of the Engineer's estimate of the cost thereof by the City Council, it shall by ordinance apportion the cost of the work on each of said streets, less any part to be paid by the city, equally among the owners of the abutting property on both sides of the parts of each of said streets improved according to the number of abutting feet owned by them respectively provided that the entire cost of curbing and guttering shall be apportioned among the owners of the property abutting on the side of the street on which the improvement is made, each corner lot having it's sidewalk intersection included in it's frontage, and shall assess and levy a local tax on the several lots or parcels of abutting property on each of said streets at a rate per abutting foot sufficient to produce the part of the cost of the improvement apportioned to each abutting lots or parcels of property on each of said streets. There shall be a lien upon such lots or parcels of real estate for the part of the cost of said improvement so assessed thereon, which shall take effect upon the publication of the ordinance making the assessment and levying the tax.

9. That when said improvement shall have been completed and accepted and the cost thereof apportioned to, and a tax therefor levied on the property liable for the payment thereof on each of said streets as hereinbefore provided, the City Treasurer shall give notice by one publication in the Daily Register, a newspaper published in the city of Richmond, Kentucky, requiring all persons to pay the local tax levied upon their property within thirty days from the publication of the ordinance accepting the work and assessing the cost thereof. Such local taxes may, at the option of the property owners, be payable in cash, without interest within thirty days, or in ten annual installments as herein provided. Any property owner who desires to exercise such privilege of payments by installments shall, before the expiration of the said thirty days, enter into an agreement in writing with the City that in consideration of such privilege he will make no objection to any illegality or irregularity with regard to the taxes against his property, and that he will pay the same in the manner herein provided with specified interest. In all cases where such agreements have not been filed within the time limited, the entire tax shall be due and payable in cash without interest before the expiration of said thirty days, and any such tax not paid within said thirty days shall bear interest at the rate of six per cent (6 per cent) per annum from the date of the publication of the ordinance assessing and levying the same. In case where the option to pay in installments is exercised, the local tax with interest at the rate of six per cent per annum shall be payable as follows: One-tenth of the tax with interest on the entire tax, at the time fixed by law for the payment of the general city taxes occurring next after the expiration of the thirty days allowed for payment in cash, and annually thereafter one-tenth of the entire tax until the whole is paid. At the end of each six months from the time the first installment of the tax becomes due, interest shall be due and payable for such six months on all unpaid installments of the tax. Provided that any person may at any interest paying period after the fifth annual installment of this tax becomes due, pay the entire assessment of the tax against his property with accrued interest. In default of payment of any installment of tax or interest for one month after the same becomes due, a penalty of ten per cent (10 per cent) of the installments in arrears shall be added thereto which shall constitute a like lien as the tax, and all unpaid installments of the tax shall at the option of the city or any bond holder whose bonds or interest thereon are in default of payment forthwith become due and payable.

10. That at the expiration of thirty days after the publication of the ordinance accepting the work and assessing the cost thereof the City Treasurer shall report to the City Council the amount of cash received, from whom and upon what lots it is paid, and upon what streets the lots are located. In anticipation of the collection of such part of the local taxes assessed and levied for said improvement as may not be paid within thirty days from the time of the assessment the City Council shall issue and sell improvement bonds, pledging such taxes and the liens on the property for the payment of the principal and interest of such bonds, and apply the proceeds thereof exclusively to the payment for the particular improvement in anticipation of the assessment for which the bonds are issued. Such bonds shall bear the date of the publication of

- Spring wagon and buckboard
- 1 15-25 Fairbanks-Morse Oil Tractor good as new and in perfect running order
- 1 good 7 h. p. motor hay press in dandy condition.

Remember: Old Fashioned Furniture, Saw Mill, Engines and Blacksmith Tools

Be on hand promptly at ten o'clock and buy you a home that you will ever be proud to own. Located in the heart of the world, and known throughout Madison and Garrard counties as belonging to one of the best farms in this section of this good old Kentucky.

Drive out to this farm and ask for Mr. T. J. Todd at the farm or call and see

R. G. Woods

of Paint Lick, Ky., for further particulars. Liberal terms announced at sale. Col. Jesse Cobb, Auctioneer.

Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment
That Gets Prompt Results.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin

eruptions. This wonderful remedy is without an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results. You are invited to write to-day for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. 52, Atlanta, Ga.

TROTS

GILT EDGE Stock Farm

Will be sold at public auction on the premises, on the North Middletown Pike on

Tuesday, October 7

10 A. M.

Contains 547 acres of land in a high state of cultivation and is now being surveyed for division into several small farms. This farm is one of the best in the county and adjoins the CITY LIMITS OF PARIS, KY., faces the North Middletown Pike, Maysville Division of the Louisville & Nashville Railroad and the waters of Stoner Creek. For many years it was the stock raising farm of the late G. G. White, and was practically all in grass. There is no better land. Its soil is deep and fertile and will grow fine tobacco, corn or hemp. A plot of the farm will be ready in a few days showing meets and bounds of each tract and describing improvements. The property belongs to Hinton Bros., who are selling to effect a division of the undivided interest of each owner. Watch for big display and giving full description of this splendid farm.

UNCLE SAM'S FOOD SUPPLIES DELAYED

Deliveries are going to be delayed somewhat on the food supplies that were recently sold Richmond folks by the government.

Postmaster R. C. Stockton has been informed by the Superintendent at Chicago that the subscription to the government's offer to the public to purchase surplus food, held and contracted for by the War Department, exceeds in extent all expectation and the delivery will no doubt be somewhat delayed because of the task of assembling, routing and transporting so large a volume of parcel post. He says:

"We have completed transportation arrangements and are employing every means at our command to expedite delivery, but at best there will be some delay. Shipments will be made in the order in which requests were received, and as rapidly as delivery is made by the War Department."

"Orders now on hand for territory supplied by Chicago Warehouse, amount to an aggregate of one hundred and sixty million pounds, and shipments have already begun. If there are delays beyond what purchasers think reasonable they should exercise patience. Writing to the Post Office Department will not expedite delivery, but will have a tendency to create additional delay. Inquiries should be directed to the local postmaster."

Senate To Investigate It

(By Associated Press)
Washington, Sept. 23 — The Senate today ordered an investigation of the steel strike by the Senate labor committee. A resolution by Senator Kenyon, of Iowa, authorizing a report as to whether any remedial federal action could be taken was adopted. Kenyon said it was proposed to call leaders representing both employers and employees to Washington in an effort to determine the cause of the strike. Kenyon said the strike seemed to be the first skirmish in industrial warfare. He explained his resolution as in the interest of neither side but in the interest of that "great third party, the public."

DR. PORTER TO PREACH AT GILEAD CHURCH

Dr. J. W. Porter, pastor of the First Baptist church of Lexington, and editor of the Western Recorder, is going to preach a series of inspiring sermons at Gilead church.

The first service will be held Thursday evening, Oct. 2, beginning at 8 o'clock. On Friday and Saturday, Oct. 3 and 4, he will preach at the 11 o'clock hour, also in the evening at 8 o'clock.

The last services with Dr. Porter preaching will be on Saturday evening Oct. 4, at 8 o'clock. All are invited to be present, so come for the very first one and get the benefit of the best.

Dr. Porter is among the foremost preachers of the southland and it is a very rare privilege to hear him preach these five sermons, which will stir the christian people to the doing of their duties.

The church is expecting some good congregational singing. The folks have showed that they can sing and he is depending upon their doing so.

WATTS

Mr. and Mrs. B. F. Gray have recently returned from Illinois, where they have resided for the past two years, to make their home in Richmond.

Mr. and Mrs. B. L. Kearns spent a very enjoyable day with Mr. and Mrs. Grover Kearns, Sunday.

Miss Grace Rowlett has entered the Model Rural school for the fall term.

Miss Lucille Mink spent the weekend with Miss Nannie Lee Sallee at Newby.

There will be a pie supper at the Watts school house Saturday night, Sept. 27. All are cordially invited.

Mr. Garret Million is in Cincinnati on a business trip.

WILSON ON COAST TALKS OF JAPAN

SHANTUNG ARRANGEMENT DOES NOT PLEASE HIM, HE SAYS, BUT WILL WORK OUT.

LEAGUE WILL RIGHT AFFAIR

Our Representative Will Have Power to Call Case to Attention of All Powers—Cordial Greeting at the Pacific.

(By Mt. Clemens News Bureau.)

Aboard President Wilson's Special Train—The most serious opposition that he has encountered anywhere on his Atlantic to Pacific tour presented itself to President Wilson in San Francisco, the metropolis of the State represented in the Senate by Hiram W. Johnson. But once again, as has always been the case, the logic of the Chief Executive and his forceful eloquence won the plain people, regardless of how their political chieftain stands. The ordinary citizenry of that part of California is for the League of Nations, and for the quick ratification of the peace treaty with the League inclusion. Many think that Woodrow Wilson and Hiram Johnson will be the contestants in 1920 for the presidency of the United States, but a majority of those who are forwarding the candidacy of California's favorite son wish that he had not made the League his issue, or, now that he has done so, they wish he would drop it.

People Want Peace.

Here on the Pacific Coast, just the same as in the Middle West and the East, the people want a peace right now. A peace that will be permanent and they want to get things settled and start in doing business. Because the Pacific coast is more interested in Japan than in any other section which the President has visited, he devoted the greater part of his early addresses in California to the question of Shantung. He admitted that the settlement in regard to that peninsula was not to his liking, but asserted it was the best settlement that could be effected when he was dealing with the other great powers in Paris.

"I said to my Japanese colleagues on the other side of the sea, and therefore I am at liberty to say to you, that I am not satisfied with the settlement," the President told two audiences on his first day in San Francisco. "I think it ought to be different. But when gentlemen propose to cure it by striking that clause out of the treaty or by ourselves withholding adherence to the treaty, they propose an irrational thing."

Explains Shantung Incident.

The President told some of the history of the Shantung incident in 1918. He explained, China ceded the territory to Germany upon the demand of that empire because some German missionaries had been killed there. "They made an excuse of religion," he declared. Then Russia took a part and then England and then France. When the Russo-Japanese war developed, Japan conquered Port Arthur. America might have had one of the Chinese ports also, Mr. Wilson explained, but President McKinley believed that inasmuch as their doors were open to our commerce, we did not want one and at the same time we need not object to the other powers having theirs. When the great war of 1914 came, the President said, it was imperative that the Pacific ocean be kept clear of German shipping and that the German possessions in the Far East be conquered. It was up to Japan, he said, to do these things, and Japan did. She took Shantung and kept it, that being her reward by reason of a treaty she had with England and France—for her share in the war. "Observe this," the President said, in explaining the incident.

Taking Shantung From Germany.

We are not taking this territory away from China, as some gentlemen have asserted, "but we are taking it away from Germany. Germany, not China, held Shantung before this war. It was German rights, not Chinese rights, that were ceded to Japan by the treaty with England and France. Shantung will be returned, in due time, to China. Japan has given us her solemn promise that this will be done. Japan will retain only what private corporations have elsewhere in China—the right of concessionaires with regard to the operation of the railroads and mines." The President repeated that he did not approve of this secret treaty, but he was unable to overcome. Then he pointed out that with the League of Nations in effect, the representative of the United States might rise and say, "This is against the covenant of peace. It cannot be done." Then he went on: "And if occasion arises, we can say, 'It shall not be done.'"

The rest of Mr. Wilson's address was devoted to the benefits of the league to the weak nations of the world, and the unlikelihood that there would ever be war if the powers discussed and arbitrated their differences. San Francisco gave the President a cordial, though scarcely a stirring reception. The greeting did not have the warmth of Seattle, St. Paul or St. Louis, although there was generous applause for the distinguished guest wherever he moved. More than 100,000 persons lined the streets leading from the Sausalito Ferry as he arrived. Then about 1,500 women attended a noontime luncheon in his honor.

Modern Greek Language.

The language spoken by the educated classes, that used in the newspapers and other modern literature of Greece, differs from the Romic used by the lower classes. The former is distinguished by a greater resemblance to the Greek of antiquity, which renders it easy for anyone who has a satisfactory acquaintance with ancient Greek to read the literary Greek of the present day.

WHY DO WOMEN SUFFER

When There is Such a Remedy for Their Ills as Lydia E. Pinkham's Vegetable Compound?

Mishawaka, Ind.—"I had such a severe female weakness that I could not do my work and I could not get anything to relieve me. A physician treated me, but it did no good. I had been in this condition for three months when I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) and it cured me. I keep house and am able to do my work now. I certainly praise your medicine."—Mrs. SUNDALFATHER, 548 West Second Street, Mishawaka, Ind.

Women who suffer from such ailments should not continue to drag around and do their work under such conditions, but profit by the experience of Mrs. Oldfather and thousands of others who have tried this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in advising women on this subject is at your service.

IT PLEASES ALL

Tells its own story of Purity and Cleanliness

Now Big Car Owners

In It They Find Wanted Large Car Qualities
With Advantages Exclusive To Small Cars

Turn To Essex

Consider how many, who formerly bought only large, high priced cars, now own an Essex.

It proves that size was not what they sought. They paid big premiums for qualities that small cars did not offer.

These are people with wide motor experience. They prize such light car advantages as economy and nimbleness.

But heretofore, only large, costly cars met their requirements of performance, riding ease and appearance.

Now They Buy the Essex

And they are chief among Essex enthusiasts. It meets their demands for a complete car. Accustomed to fine car qualities, they appreciate the way in which Essex matches the best standards of cars in higher price range.

The Essex was designed to embody the wanted qualities of the finest cars, in a size it would be possible to build at a moderate price.

Such Is the Car You Want

Everywhere you hear how Essex meets those expectations. Consider just what all this comment and praise of Essex means. Surely no other car ever excited such unrestrained enthusiasm.

And note this fact. Except in size and economy you have probably never heard the Essex compared

to another small car. Men inevitably seek comparison for Essex qualities among high-priced cars. There only, do they find parallels by which to describe it.

They match its acceleration against certain makes noted for that quality. Its speed they compare to the swiftest. Every community has its story of how the Essex, "in high," tops some local "bogey" hill.

And now that is has become so well known, men are making it the performance standard. It is not unusual to hear some say of a high-priced car they admire: "Why it climbs like an Essex" or "It gets away at crossings with the Essex cars."

Examine the Essex Ride In It

Your first glance will note the distinctive finish, the materials and workmanship. See the care even in the smallest details.

Its solid, compact assembly, that has been proved in every trying test, will satisfy you of endurance powers.

Then take a ride in the Essex. It will reveal qualities that charm you as they have nearly a million others.

You will agree that only big production permits the sale of such a car at the Essex price. Though they are being built at the rate of 20,000 a year, the demand exceeds supply.

You can be sure of an Essex when you want it only by placing your order now.

The Great White Way

In all sections of this continent the people are awakening to the advantages of proper street illumination. Business men's associations, publicity clubs and the citizens at large are uniting in a common effort to boost their "home town" by the proper lighting of the streets. This activity is not due to abstract theory, but is the result of the proven fact that good street lighting is essential to the welfare of a municipality and the results are measured in direct financial returns. Real estate owners find that proper street illumination causes property values to advance, business men note increased activity in trade, and the community finds that as a "city booster" it is the most effective way to advertise the progressiveness and public spirit of the municipality.

Referring to street illumination and its relation to police protection, one of the greatest authorities on criminology that this country has ever produced says that he would rather have plenty of electric lights and clean streets than all the law and order societies in existence.

Illumination of the streets at night was formerly considered the only function of lighting units, but in this twentieth century spirit of progressiveness and economic management the tendency is to make the lighting units so attractive that they add to the appearance of a municipality by day as well as by night.

The People Want To Understand

The people's wish to understand the reasons which impel the United States to ratify the treaty as a means of terminating the war with Germany, and to enter the League of Nations as a guarantee against further international conflicts, is the most conspicuous feature of the President's tour. The Senatorial opponents of the League and the treaty have continued their obstruction not because they have failed to understand, but because they refuse to subordinate personal and political bias in the interest of the country.

In all great issues in the history of the United States, the people have shown a willingness to make their decisions upon the facts and according to their conscientious judgment. In the last analysis, there is little partisanship among the masses. They may at times be moved by sentiment in their choice of candidates—for personality may attract or repel them—but in every matter of policy they have uniformly judged and acted solely upon what they considered its merits.

The question of ratifying the treaty and of approving the covenant of the League is not in any sense partisan. The President is making that abundantly clear. No Republican need desert his party to favor the League. He may act as an American in this crisis without ceasing to be a Republican. When that truth is impressed on his hearers and readers by the President, the opponents of the League will appeal in vain to the

partisanship of their fellow Republicans among the people. And it is evident from their desire to understand—to learn the facts—that the people will accept the President's view and give him their support.

Thruston Ballard, republican candidate for lieutenant governor, is president of the big flour milling firm of Ballard & Ballard, which admits having sold flour in Louisiana \$1.10 a barrel cheaper than in Kentucky. If this isn't profiteering, we'd like to know what you call it. And this man wants to act as governor for the people of Kentucky. Does he expect Kentuckians to favor him with their votes when he's favoring the people of Louisiana with his flour prices? What does the poor man, to whom the price of a barrel of flour means several days' work, think of him?

Rodman W. Keenon, of Mercer county, has been placed in charge of the speakers' bureau at democratic state headquarters, and he is determined to keep things stirring on the stump till the last vote is cast. Last Monday the welkin rang all over Kentucky with arguments for the election of Gov. Black and the splendid ticket. Keenon will get the speakers and keep things stirring in his line.

OIL NEWS

In Frankfort Circuit Court Judge Stout, in the case of Capital Oil Co. vs. Flahaven Land Co., overruled defendant's motion for an injunction seeking to prohibit the plaintiff from using water from that point over the Flahaven Land Company's land on to the plaintiff's Beatty Heirs tract, and at the same time dissolved the temporary restraining order which had been granted defendant by the Clerk of the Lee Circuit Court, and on motion of plaintiff granted it an injunction enjoining and prohibiting the Flahaven Land Co., and its employees from interfering with plaintiff's operation of said water line and the use of water from Big Sinking Creek. Defendant was given 20 days in which to appeal to the Court of Appeals seeking to dissolve this injunction and reinstate its temporary restraining order but the court held that during the pendency of this appeal plaintiff had the right to continue the operation of said water line.

The Petroleum Exploration Company with extensive holdings in the eastern Kentucky field reported the following wells yesterday: No. 334 on the Wells heirs, 40 barrels; No. 332, Wells heirs, 20 barrels; No. 330, Wells heirs, 70 barrels; No. 329, Wells heirs, 30 barrels; No. 328, Wells heirs, 50 barrels; No. 327 Wells heirs, 40 barrels; and No. 326 on the Wells heirs, 30 barrels.

The Versailles Oil Company, with holding in Lincoln county, has secured its sixth well on the Floyd lease which is estimated at 10 barrels. C. C. Carroll, president of the company stated that activities in Lincoln county had increased tremendously and that his company intends to continue drilling on the Floyd lease.

Mrs. I. C. Rucker and daughter, are visiting Mrs. Jas. Conn near Hyattsville.

Mrs. Elizabeth Patriek has gone to Paintsville for an extended visit.

Don't fail to attend Belue's sales this week.

THIS MAY START ANOTHER FEUD IN BREATHTITT

Jackson, Ky., Sept. 23—Charley Spicer, son of Asbury Spicer, who has been a fugitive from justice in Breathitt county for four years, was shot and killed on Turkey Creek, in Breathitt county, late Sunday afternoon. The details of the killing are not known.

Charles Noble and a young man named Fugate, a kinsman of Asbury Fugate, who was shot and killed by Asbury Spicer four years ago, were riding along the road and met Spicer.

The shooting occurred immediately and Spicer was brought to Jackson on the night train and taken to the hospital, where he died.

Considerable uneasiness is felt over the shooting because Asbury Spicer is said to have declared vengeance for the killing of his son.

Asbury Spicer was convicted and sentenced to a life term in the penitentiary for the killing of Asbury Fugate, and escaped jail while a motion for a new trial was pending.

Noble is at large and, it is said, a large party of friends of the dead man have surrounded the territory of his hiding, while friends have gone to his rescue, according to reports received here.

Parent - Teachers' Meeting

Miscellaneous Shower

The following clipping from the Eustis Lake Region will be of interest to the relatives and friends of the bride elect here: One of the prettiest of the prenuptial parties for Miss Elizabeth Miller was the miscellaneous shower given last Thursday afternoon by Mesdames W. H. Bishop and W. C. Smoak, at the home of the latter, on Key avenue. The decorations of golden rod and ferns lent an atmosphere of fall to the interior. Large vases of golden rod were used on mantles, tables and the low French window, making a most beautiful setting for the lovely party. A novel feature of the afternoon was the sending of telegrams to Miss Miller. Each guest was given a blank telegram sheet and were told to write a telegram, using the letters as they came in the word "attraction." Some of these messages were most clever and afforded much amusement when read aloud by the recipient. After enjoying delicious and dainty refreshments of pineapple sherbert and homemade cakes, the honoree was presented with many useful and beautiful gifts, ranging from kitchen articles to wearing apparel. Besides the hostesses and the guest of honor, those enjoying this delightful hospitality were: Mesdames Harry C. Hannah, W. J. Calvin, W. A. Getch, J. E. McGough, F. S. Allen, W. A. Goin, George Barnes, Charles Miller, Percy Hethcox, D. B. Scott, A. D. Miller and Misses Sara Bassett, Elizabeth Alder, Florence Simpson, Meta and Ann Schade.

Entertains at Dinner

Mrs. C. M. Cruse entertained at dinner Saturday. Guests included Mrs. John Lear, of Broadhead, Mrs. Fry Cruse and daughter, Margaret Elliott, of Hamilton, Ohio, Mrs. J. L. Rowlette and daughter, Miss Onah.

Mrs. Sarah Frost has returned to her home in Lexington after an extended visit to her daughter, Mrs. George Simmons.

Mr. Phelps Fox, of Dawson, Georgia, who has been visiting relatives here left this week, to enter school in Philadelphia.

Mr. and Mrs. Herman Ross and son, Carl, and Mrs. Nannie Veach, of Cynthia, spent Sunday with Mr. and Mrs. D. L. Cobb.

Messrs. Edward and Roy Cosby, Butler Davis, Gilbert and Russell Park, who are attending Berea College, were at home for a week-end visit.

Mr. Albert Lacey Russell, of Jacksonville, Florida, is spending a few days with his aunt, Mrs. James W. Caperton, en route to Yale, where he will enter the fall term.

Mrs. E. S. Taylor and attractive daughter, Katherine, have returned to Deland, Florida, after a pleasant visit to Mrs. Con Taylor, on Broadway, and relatives and friends at Red House.

Mrs. William Collins, who was so critically ill, at the home of her son, Dr. Phelps Collins, in Denver, is expected home to-day accompanied by Dr. and Mrs. Collins, who will make a visit here.

Rev. and Mrs. H. M. Rogers, of Hanover, Ind., arrived Tuesday for a visit to the latter's sisters, Mrs. G. W. Evans and Miss Curraleen Smith. Mrs. J. M. Benton, of Winchester, will join them here to-day.

Mrs. Henry Donta, a veteran of the civil war, and Mary Elizabeth and David Donta, of Louisville, his grandchildren, and Mrs. William Evans, of San Francisco, spent a few days the past week with Mr. and Mrs. John Sexton, in the country.

Marriage Licenses

Ernest Naulk, 21, and Nettie Turpin, 19, both of Indianapolis, Ind. Tilford Wagers 23, of Berea, and Annie Marie Vizner, 18, of St. Etienne, France.

Joseph B. Arnold 27, and Lucile Harlan Gabby 22, of Richmond. Forest Eaton 26, and Hester Hazelwood 22, both of Berea.

In Clark county Judge R. S. Scobee sold his farm containing 200 acres located on the Mt. Sterling pike to W. J. Dickey for \$200.00 per acre.

FOR SALE—Six lots in Rose Dale offered for sale privately. These lots are fronting on two streets. Will be sold at a bargain. Phone 851

SLICK ROCK

The teacher and patrons of the Slick Rock school planned a pie supper for last Friday night, but on account of the rain they did not expect a very large crowd. When the hour arrived for them to begin selling the pies a very large crowd was gathered in the school house and the rain was still falling. Even though the thunder rumbled a lot we could still hear the voice of the auctioneer and the boys bidding on the pies. When the pies were all sold the women of the district dished out the ice cream until it was all gone. The teacher and trustee are very proud of the \$47.75 which was made that night. This money is to be used in improving the school. Everyone is taking an interest in the school.

Mr. and Mrs. Charlie Prather and little daughter, Mr. and Mrs. Clifford Sallee and little daughter were the Sunday visitors of Mr. and Mrs. W. B. Whitaker.

Mr. and Mrs. B. Bogie entertained a large crowd at dinner Sunday in honor of the sister of Mrs. Bogie, who is here visiting from Indiana.

Mrs. Morris Bogie has been ill for several days, but is much better at this writing.

Mr. Albert Bogie has purchased a Ford.

BRADSHAW MILLS

Misses Mabel and Jewell Prewitt spent Monday night with Mr. and Mrs. Camerson Prewitt.

Quite a number from this place attended the sale of Mr. Chas. Cotton, near Moberly Thursday.

Mr. and Mrs. Chas. Cotton were in Lancaster Saturday.

Little Miss Elizabeth Sanders has been quite ill.

Mr. Daniel East purchased two cows and calves at the Cotton sale. Price paid for them \$156 and \$151.

Mr. and Mrs. Camerson Prewitt and little daughter, Ruth, were guests Sunday of Mr. and Mrs. Thos. Sebastian.

Mr. and Mrs. Bascom Prewitt entertained a number of friends and relatives Sunday to dinner.

KIRKSVILLE

Messrs. Rufus and Carter Blake-man have returned home from Cincinnati where they have been taking a course of the Cincinnati school of Embalming.

Prof. Eugene Spurlock motored to Berea Tuesday to enter Stanley Rose in school for the fall term.

Mrs. H. Wheeler leaves the first of the week to make a visit to Mrs. John Christopher of Eminence.

Miss Lilly Henry, of San Antonio, Texas, was called here by the death of her brother, Mr. Cull Henry.

Mrs. Joe Hagan, Miss Nancy Long and Mrs. Rufus Blakeman were in Lancaster, Friday with Mrs. Joe Ross for the day.

Mr. and Mrs. Chas. Long are at Dry Ridge for a few days rest.

FOREST HILL

Mr. and Mrs. Roy Wells were the Sunday guests of Mr. and Mrs. Norman Jenkins of Newby.

Mr. and Mrs. Walker Butler and little daughter, Evelyn of Winchester are visiting relatives at this place.

Mr. and Mrs. Chas. Curry and family, spent the week-end with her parents, Mr. and Mrs. Hiram Asbill.

Miss Pattie Wells is visiting her grandmother, Mrs. Chas. Cox of Panola.

Mrs. Vernon Pharis, of Lexington, is visiting her mother, Mrs. Laura Butler.

Mr. and Mrs. Jenkins, of Newby, were the guests of Mr. and Mrs. Les-

lie Taylor, Sunday.

Miss Edna Haden, who has been at the Gibson hospital for some few weeks is at home. Her many friends are glad to know.

Miss Aurelia Powell is visiting relatives in Lexington this week.

Mr. and Mrs. Joe Mize spent Sunday with Mr. and Mrs. A. H. Wells and family.

Miss Kate Wells, of Paint Lick, spent a few days this week with home folks.

We are having some nice rains in this section and the farmers are rejoicing greatly.

Miss Olie Butler delightfully entertained a number of her friends Wednesday night it being her nineteenth birthday.

Unheard of prices on ladies garments at Belue's this week.

What other phonograph dares this test?

DID you ask some one about the Edison Tone-Test recital given last Thursday at the Opera House? The startled audience heard the living voices of Collins and Harlan flood the packed house. It then heard the New Edison* match those voices, even unto their finest variation of shading and feeling. Any one who was present will tell you:

*The art of the living artist and
its RE-CREATION by the New
Edison can not be told apart.*

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

The NEW EDISON

"The Phonograph with a Soul"

Come in and hear this wonder for yourself—the Three Million Dollar Phonograph* that RE-CREATES the very soul of music.

MUNCY BROS.

Main Street

Richmond, Ky.

*The instrument used in Thursday's Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

CLASSIFIED ADS.

October 1st

THESE GO OFF MY LIST

114 ACRES ON GOOD PIKE

One-half mile from school, 3-4 of a mile from church R. F. D. at door, good producing land, improved with good 6 room frame dwelling, good implement shed, good stock barn about 40x50 feet, a new tobacco barn 40x72 feet, galvanized roof. Farm well fenced and well watered will make a good home and land will make money at \$175 per acre. A good new tenant house on this one.

22 ACRES, SMALL DWELLING

Good producing land, well fenced and located on good pike at \$225 per acre. Dwelling is new and has cistern at door.

100 ACRES, IMPROVED WITH HANDSOME DWELLING

One of the best stock barns in county, good tobacco barn and every convenience in small out buildings, land good producing and lies nearly level. Located on good pike in Paint Lick High School district. This one a bargain at \$225 per acre. The improvements will cost \$12,000 to \$15,000.

77 ACRES LOCATED ON RICHMOND & LANCASTER PIKE

in Paint Lick High School district, good producing land, excellent orchard, good 6 room dwelling, good stock barn, in the heart of things,—schools, churches, R. F. D. and on most popular pike in county. A seller at \$200 per acre.

91 1-2 ACRES LOCATED ON GOOD PIKE

About 75 yards from Richmond and Lancaster pike, improved with good 5 room dwelling, cistern at door a good stock and tobacco barn and also a good tobacco barn. will house 9 acres of tobacco farm well rested and all in grass except 25 acres, broken from grass one year only. Good school less than one half mile. Farm is known as one of Garrard county's best producing farms and will sell at a profit. To October 1st only at \$20,000; improvements worth over \$5,000.

66 ACRES LOCATED ON GOOD COUNTY ROAD

One half mile from school, good 6 room dwelling, excellent well, good stock barn, good tobacco barn, and farm well fenced. Most of this farm is practically new land and has excellent crops. Land is fine to cultivate being gently rolling land, as the color you will like. A good buy at \$175 per acre. A good tenant house on this one.

53 ACRES ON GOOD COUNTY ROAD

In Paint Lick High School district, good 5 room dwelling, combined stock and tobacco barn. This farm is a good producer and has a dandy good pond and spring. Can be bought for a short time only at \$150 per acre.

52 ACRES ON RICHMOND AND LANCASTER PIKE

Four and 3-4 miles from Richmond. Has a dandy good 8 room dwelling good stock barn, new garage, well fenced and excellent quality land, only 5 acres in plow. This one will sell at a profit. Should bring \$300 per acre. I have it for a short time only at \$275 per acre.

164 ACRES LOCATED ON GOOD PIKE

Paint Lick High School district. Practically new eight room dwelling, a fine young orchard, watered by the best springs I ever saw, running over large tanks during the dry weather. Land is good quality and is almost level and fine for farming. Good tobacco barn that will house 8 to 10 acres of tobacco. A farm that should bring \$25 per acre more than asked. Listed for short time only at \$150 per acre.

You had better get a home while you can. There are now three buyers for every farm on the market, and you can see from the short time I have in which to offer these, that the owners expect to withdraw them from the market, and with each withdrawal at least three are left homeless. The situation is becoming alarming and if you ever expect to own a foot of mother earth, you had better get in line. It costs nothing to look these over, and if you will come to Paint Lick or call me, I will be glad to have a car take you to these dandy small homes and let you look them over. Paint Lick vicinity real estate has been worked the least of any neighborhood in Madison or Garrard county and the result offers you better values for the money today than any other place you can go. Let me see you at an early date.

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home, it has been officially announced. Home missions is regarded by the Baptists as quite as essential as foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. B. D. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting forth the particular obligation which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly Christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 10,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program in behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. "This work among the foreigners not only gives them the Christian religion, but makes them more contented and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from \$300,000 to 500,000 people in the South who are not Christians during the period of the campaign.

PUBLIC SALE

Of

662 Acres FARMING LANDS

Thursday, Oct. 2

Magnificent Farms of Mrs. James Bennett and Warfield Bennett at White Hall P. O.

On Richmond-Lexington turnpike, six miles from Richmond and 20 miles from Lexington at public auction.

Located in the very best section of Madison county and being in the highest state for cultivation these lands offer a great opportunity to any one desiring a home and farm. Will raise tobacco, corn, hemp and any other crops. Close to churches, schools and stores.

Thursday, Oct. 2, at 10 A. M. on Premises

We will sell for Warfield Bennett his farm of

292 1-2 Acres

known as "Homeland," with long frontage on Richmond-Lexington pike. On this farm is a handsome brick residence, large tobacco barn, two cottages, stock scales and other out buildings. One of the most desirable homes in the county. Well watered by ponds and never failing springs.

This farm will be offered, first in three tracts of 60 acres to 150 acres, then as a whole.

1st. Tract—Includes brick dwelling, tobacco barn, cottages and stock scales.

2nd. Tract—Is unimproved.

3rd. Tract—Includes frame dwelling, stock barn and out-buildings.

Immediately thereafter, at the same place we will sell for Mrs. James Bennett her farm of

369 1-2 Acres

fronting on the Richmond-Lexington turnpike, and on the new pike. This is part of the famous White Hall estate of the late Gen. C. C. Clay

On this farm is a good two-story frame dwelling, cistern, barn and out buildings. It is well watered by ponds, a never failing well for stock and by Shallowford creek.

This farm will be offered, first in three tracts and then as a whole.

Tracts 1 and 2 each comprise 43 acres unimproved land fronting on Richmond-Lexington pike.

Tract 3 is the remaining 283 1-2 acres with improvements.

Look over these farms before the day of sale. Warfield Bennett or the men living on the farms will show them to you.

These farms will positively sell.

Liberal terms. For further information see

HEAVY CUT IN COAL YIELD BY CAR SHORTAGE

12,000,000 Tons Lost in Ten Weeks By Inadequate Supply of Cars

600,000 MINERS PLAN TO ASK WAGE INCREASE

Operators Tell Senate Committee That Radical Miners Are Trying To Install Soviet Methods in Mining.

Washington (Special).—Shortage of cars in the coal fields has cut production of bituminous coal 12,000,000 tons in ten weeks and threatens to bring about a recurrence of the coal famine of 1917-18, unless checked without delay, according to testimony given by John Callahan, traffic manager of the National Coal Association, before the senate committee investigating the coal situation, at its first day's hearing here.

"During the two weeks ending August 2 and 9," Mr. Callahan said, "car shortage caused the bituminous coal mines of the country to lose approximately 5,000,000 tons of coal, enough to supply the entire state of New Jersey for ten months. The loss in ten weeks has been sufficient to supply all the New England States for eight months."

Mr. Callahan declared that if there are not cars at the mines it is impossible to operate the mines to full-time capacity. The shortage of cars had come, he said, at the time demand for coal is increasing, and at a time when railroad efficiency should be at a maximum.

"If the bituminous coal operators of the country are given sufficient cars to take away the coal they mine," Mr. Callahan said, "and if there are no labor disturbances to prevent the operation of their mines, they can supply

Public Sale

Of
150.29 ACRES OF FINE LAND

Farm, Stock and Crops
Tuesday, September 30th
10 A. M.

I will offer for sale publicly my farm containing 150.29 acres situated in Madison county, one mile to Dixie Highway on the Kingston and Crooksville pike, eight miles from Richmond and seven miles from Berea, and adjoining the lands of Mrs. Dr. Bales and Ike Dean, one mile from Kingston High School and churches. This farm has on it a dwelling, good stock barn, tobacco barn and outbuildings, and is very fertile land. On the farm are 25 acres in bluegrass, 20 acres in clover, 50 acres in corn and tobacco, and 55 acres stubble. Has three ponds and one never failing spring. Possession will be given for seeding immediately, full possession January 1, 1920. The following stock, crop and implements will be sold:

- | | |
|---------------------------------|----------------------------|
| 1 pair 4-year-old horse mules | 1 wagon. |
| 1 pair two-year-old horse mules | 1 hay rake |
| 1 five-year-old mare mule | 3 steel beam turning plows |
| 1 four-year-old horse mule | 2 double shovel plows |
| 25 acres of corn in field | 1 single shovel plow |
| 200 bales of clover hay | 1 disc harrow |
| 1500 bundles of oats | 1 corn planter |
| 1 mowing machine | |

This farm and articles will be sold without preference to any bidders. Anyone desiring to inspect this farm may do so by seeing Mr. Everett Applegate on the farm or call me at 6 ring 6 Kirksville. Terms made known day of sale.

F. N. CORNELISON

Col. Jas. Pearson, Auctioneer.

sufficient fuel to meet the country's requirements next fall and winter. If they are not supplied with more cars, there undoubtedly will be a repetition of the coal shortage of 1917-18, at least to some degree."

Shortage of cars is not alone the only threatening situation in the industry, however, according to Harry N. Taylor, of Kansas City, president of the association, who preceded Mr. Callahan on the witness stand. The 600,000 miners employed throughout the nation are about to formulate demands for higher wages, Mr. Taylor declared. The more radical among the number, he said, were endeavoring to apply the methods of the soviet government of Russia to the bituminous industry. If their counsel should sway the more conservative of their numbers and extremely radical demands should be made, which could not be acceded to, Mr. Taylor said he doubted if the operators "could mine a pound of coal."

"To save the public from calamity," Mr. Taylor said, "it will be necessary to overcome three things: First, that we do not have an extraordinarily severe winter; second, that the railroad administration move the coal in a regular manner, and third, that by effort of the miners we produce at least 11,000,000 tons of bituminous coal weekly for the remaining nineteen weeks of the year."

This is more than has been produced in any one week during the year thus far. All wage agreements between miners and operators, Mr. Taylor said, would expire with the proclamation of peace by the President. The miners had already decided, Mr. Taylor said he was informed, in one section, to try to obtain a six-hour working day, as against eight hours now, a five day week, and an increase in pay. They will meet in Cleveland, Ohio, September 9, he said, to decide on what demands to make of the operators and there will be a joint conference between operators and miners at Buffalo, September 25.

"If this convention of September 25 falls in agreement," Mr. Taylor said, "I do not know whether we are going to be able to mine any coal or not. I very seriously doubt whether we will. With that condition confronting us in the mining world, the situation is very serious. If that goes into effect there is little or no hope of overcoming a very serious shortage of coal this winter and great suffering in the country. Miners were given a substantial in-

crease in wages, the President during the days of the fuel administration, Mr. Taylor said, and it was not uncommon in many fields for the industrious men, in time of full-time operation, to earn \$15 a day or more. But they are getting restless, he said. "Already the more radical element are determined to put into effect the soviet government of mines," he declared.

AN ORDINANCE

An Ordinance providing the proportion of cost to be borne and paid by the City of street improvements, ordained to be made at the cost of abutting property owners.

Be It Ordained by the Board of Council of the City of Richmond, Kentucky, that from and after the passage and publication of this ordinance and until the same may be lawful amended, modified or repealed, the City of Richmond shall bear and pay one-third of the cost of any improvement of any street in the city by paving same with reinforced concrete, sheet asphalt, Bitulithic paving, Kentucky Rock Asphalt, or any other similar material selected by the Board of Council, and by the con-

struction of concrete curbing and guttering, in all cases where the balance of the cost of such improvement is ordered by the Board of Council to be assessed against and paid by the owners of property abutting on such improvement.

Adopted this 18th day of September, 1919.

L. P. EVANS, Mayor.

Attest:
W. E. BLANTON, City Clerk.

There will be a pie supper at Woodland Heights school house Friday night Sept. 26th. Everybody invited. Come and bring some one with you. Jessie Conley, Teacher.

Daily Thought.

In adversity it is easy to despair life; the truly brave man is he who can endure to be miserable.—Martial.

DAVIS SELLS FARM

E. E. Davis has sold his farm of 100 acres in the Red House section to Eugene Parrish. It is understood that the price paid was about \$13,000. This is an exceptionally nice piece of ground and adjoins Mr. Parrish's place.

"FIVE COWS MADE \$474.00 LAST YEAR"

writes W. C. Mohr, Oxford, Ohio—"I have shipped to the Tri-State about five and a half years and last year sold \$474 worth of butter fat from five cows. Have always found the Tri-State fair in their dealings. I have sold to both the Tri-State and also cream stations to see how the tests agree and so far have found 'The Tri-State pay the freight' the better way."

AN ORDINANCE

Continued from inside page
the assessing ordinance and shall be made payable to bearer; they shall be numbered consecutively thruout for each separate improvement and shall be divided into ten (10) series as nearly equal as possible, the first series including the lowest numbers and so on. The first series of said bonds, with accrued interest on all series shall be due and payable one month after the date on which the first installment of the tax becomes due as hereinbefore provided, and the remaining series shall be due and payable one each year annually thereafter for nine (9) years. Interest on all unpaid bonds shall be due and payable semi-annually at the end of each six (6) months from the time the first interest becomes due. Said bonds shall be of the denomination of five hundred dollars each, provided that any odd amount over five hundred dollars may be included in the last bond to mature. All of said bonds shall have the name of the part of the street for the improvement of which they are issued, printed, engraved or written thereon, and shall state the character of the improvement. They shall bear interest at the rate of six per cent (6 per cent) per annum from the date of the assessment of the tax, and shall have suitable coupons attached thereto evidencing the semi-annual interest. Said bonds and coupons shall be signed by the Mayor and countersigned by the Treasurer, but the coupons may be signed by lithograph. The clerk shall attest the signatures to the bond under seal of the city. Said bond with interest shall be payable at the City Treasurer's office. Said bonds shall in no event be sold for less than par and accrued interest. Provided, if no offer is made for said bonds equal to par and accrued interest, after reasonable advertisement, the city shall have the right to turn them over to the contractor in full payment of the contract price of the improvement for which they are issued. Said bonds and interest thereon shall be payable exclusively out of funds actually paid to and collected by the city on account of the improvement taxes in anticipation of which the bonds are issued and in no event shall the city be liable on any such bonds except to the extent of funds actually paid to it as above set out.

11. The City Treasurer shall keep in his office in a book to be provided for that purpose a record of all assessments for local taxes as provided in this ordinance, showing the name of portion of the street in which the improvement is made, the character of the improvement and the name of the persons against whose property the assessments are made. Upon payment of any improvement tax to the treasurer, he will make proper entry thereof in the record book herein provided for, whereupon the lien for such taxes shall stand released. The treasurer shall carefully keep a separate account of the fund arising from assessments for each particular improvement, and no proceeds arising from assessment for one improvement shall be diverted to the payment for any other improvement whatever. The proceeds shall in each case constitute a separate special fund for the payment of the constructor for the particular work for which the assessment is made or for the security and payment of improvement bonds issued for such improvement.

12. All ordinance or parts of ordinances in conflict herewith are hereby repealed.

13. This ordinance shall take effect from and after its final passage and publication as required by law.

Passed by the City Council of the City of Richmond, Kentucky, first reading this 19th day of September 1919.

L. P. EVANS, Mayor.
Passed by the City Council of the City of Richmond, Kentucky, second reading this 19th day of September 1919.

Farms Adjoining

3 SETS OF IMPROVEMENTS

AT BUENA VISTA, GARRARD COUNTY, KY.

3 MILES OF LEXINGTON & NICHOLASVILLE PIKE AT

Auction Tuesday, October 7th

10:30 A. M. ON THE PREMISES

On the pike, close to graded school.

LISTEN FOLKS: We never dreamed of parceling out at AUCTION this excellent 280 acre boundary of land, level and gently rolling, nearly all in grass and to suit any purchaser. Its already cut and each tract has a long pike frontage with excellent dwelling and barn proportionate with each farm. Read on—in stone throw of imposing consolidated brick school buildings. The owner knows what this land will do and sells on LONG TIME PAYMENTS.

Terms: 1-3 cash, balance on five years' time if you want it.

FARM NO. 1—Has 96 1-4 acres, beautiful place, residence of the owner, 10 room dwelling, large tobacco and stock barns, both newly built. Beautiful shade trees in yard, plenty of ever lasting water. A real country home this is.

FARM NO. 2—100 acres, adjoining long level pike frontage, all in grass, attractive 7 room dwelling, 1 stock barn, plenty of water; a home and a good farm complete. You will have to see it.

FARM NO. 3—85 acres of as good land as any where, lays well, on opposite side of pike from Farm No. 1. One extra good dwelling of 8 rooms, one tenant house of five rooms. This farm could be divided. Both stock and tobacco barns are good ones.

Don't miss this sale and don't fail to see these farms before the day of the sale. Remember the date and the TERMS. It is SOLD by the Man who SELLS.
